Evaluation for CHAA Baseball Season

Instructions: You can greatly help CHAA improve its baseball program by providing honest feedback, with truth and love, to the following questions. If you should have any unresolved personal issues with a coach, talk personally to that coach with your concern or concerns. Each of the coaches wants to be accountable to both the families and to CHAA in all respects. Both players and parents are welcome to submit evaluations. Thank you for your support and for a great baseball season.
